

Curriculum Vitae
William (Bill) M. Grossman
3 Mark Drive
Rocky Point, NY 11778
631-696-1010 (Office), 631-747-4188 (Cell)

Current Position: Surveyor, Scott Marine Surveyors and Consultants

1997 – Present United States Coast Guard:

2016 – 2020 – Director of Auxiliary, First District, Southern Region

Managed a 3,000 member volunteer workforce supporting operational Coast Guard Units with a focus on Recreational Boating Safety.

2015 – 2016 – Chief, Waterways Management Division, Sector New York

Managed the Maritime Transportation System in the largest U.S. Port on the East Coast overseeing Marine Events, Construction & Dredging projects, Ice Breaking and Aids to Navigation.

2011 – 2015 – Chief, Investigations Division, Sector New York

Supervised staff to conduct marine casualty investigations in the largest U.S. Port on the East Coast. Directed over 400 vessel casualty and mariner investigations annually to determine causal factors, develop safety recommendations and identify federal, state and international violations.

2008 – 2015 – Lead Instructor, US Coast Guard Marine Safety School

Coordinated Marine Inspection and Marine Investigation Courses at the U.S. Coast Guard's Marine Safety School in Yorktown, Virginia. Worked closely with Coast Guard Headquarters and Industry Representatives to ensure the most updated course material was being provided to over 400 students annually.

2005 – 2008 – Supervisor, Marine Safety Detachment, Coram, New York

Executed the US Coast Guard's requirements within the Long Island, NY Maritime Domain overseeing the regulatory inspection requirements of over 180 U.S. Passenger and Foreign Tank Vessels, Port Security, Pollution Investigations, Vessel Casualty Investigations, Bulk Oil Transfer Monitors & Marine Transportation System Facility Inspections.

2003 – 2005 – Marine Inspector, Sector New York

Conducted comprehensive inspections for compliance with U.S. Regulations, Policies, International Treaties and Security Requirements for Domestic Vessels, Foreign Freight & Tank Vessels, U.S. Passenger Vessels and Tank Barges. Closely liaised with industry representatives to ensure compliance with applicable safety, lifesaving, firefighting, pollution prevention, and security standards.

2001 – 2005 – Chief, Port Safety & Security Section, Sector New York

Coordinated Maritime Domain Awareness within the Port of New York & New Jersey to ensure annual regulatory and security inspections for over 140 bulk oil transfer and container facilities.
